

Beginning July 1, 2023 all meters will be read every quarter. These readings will be taken in late in the months of March, June, October and December. All water bills will now include overages from the prior 3 months. The first quarterly water bill that will include overage will be the October water bill. The rate structure will be adjusted as follows:

Rates effective as of: July 1, 2022

| GALLONS USED    | RESIDENTIAL CUSTOMERS | MULTI-FAMILY RESIDENTIAL CUSTOMERS | COMMERCIAL CUSTOMERS |
|-----------------|-----------------------|------------------------------------|----------------------|
| 0 - 5,000       | \$24.20 per quarter   | \$27.50 per quarter                | \$27.50 per quarter  |
| 5,001 - 10,000  | \$3.80 per thousand   | \$4.11 per thousand                | \$4.43 per thousand  |
| 10,001 - 20,000 | \$4.43 per thousand   | \$4.74 per thousand                | \$5.06 per thousand  |
| 20,001 and over | \$5.06 per thousand   | \$5.38 per thousand                | \$5.70 per Thousand  |

Example of change

The current Median residential water bill for a 6-month period is 26,500 gallons. This reflects a home with 2 to 3 people with average daily usage

| Current rate structure based on 6 months<br>Approx 150 Gal per Day (2-3 ppl ave use)<br>Usage of 26,500 gallons per 6-month period |            |       |  | New Quarterly bill<br>Approx 150 Gal per Day (2-3 ppl ave use)<br>Usage of 13,250 gallons per 3-month period |            |       |  |
|--|------------|-------|--|--|------------|-------|--|
| Rate   | 2 Quarters | usage |  | quarterly  | 13,250 gal | usage |  |
| \$ 24.20   | \$ 48.40   | 10    | included<br>step 1<br>step 2<br>step 3 | \$ 24.20   | \$ 24.20   | 5     | included<br>step 1<br>step 2<br>step 3 |
| \$ 3.80  | \$ 38.00   | 10    |  | \$ 3.80  | \$ 19.00   | 5     |  |
| \$ 4.43  | \$ 28.80   | 6.5   |  | \$ 4.43  | \$ 14.40   | 3.25  |  |
| \$ 5.06  |            |       |  | \$ 5.06  |            |       |  |
| Bi-annual  | \$ 115.20  |       |  | Quarterly  | \$ 57.60   |       |  |
| Annual   | \$ 230.39  |       |  | Annual   | \$ 230.39  |       |  |

Please Note there will be seasonal usage variations based on how much water you use each quarter
